

*This October,  
share the Love*

**\$45**

*Digital Mammogram*

(\$65 for regular screening with implants)

*Schedule your exam during the month  
of October 2018, with a Medical Provider's  
order and take advantage of the special savings  
until December 31, 2018.*

*\*Screening mammogram must be scheduled in the month of October.*

*\*Radiologist fees are charged separately.*

*To schedule your screening mammogram  
please call our Radiology Department at:  
208.557.2887.*

**Mountain View  
Hospital**

Getting you back to what you *Love*

*A Physician Owned Hospital*

# HOW IT WORKS:

- 1: Referring Medical Provider's order must be present at the time of service.
- 2: Should you choose to use this coupon instead of billing your insurance, we will charge an upfront \$45 fee for the digital mammogram screening or \$65 for the digital mammogram screening with implants. If you decide to file the claim with your insurance, Mountain View Hospital will provide you with the necessary paperwork.
- 3: You will receive a separate bill from Medical Imaging Associates for the interpretation of your mammogram. If you have questions regarding the professional fees, please contact Medical Imaging Associates directly at 208.542.5000.

Mountain View Hospital has been proactive in the fight against breast cancer here in Eastern Idaho since our inception. Through the years, we have made it our mission to educate our community on *Breast Cancer Awareness* and have supported screenings through discounted mammograms and donated funds to the public health district for their "Women's Health Check Program" through various fundraising.
